## DEPARTMENTS

- 37 Digest**
- 43 Emphasis**

**COVER**—Rapid mobilization of the industrial base will be essential to sustain the fighting forces in the event of armed conflict. The article beginning on page 2 reviews the history of industrial preparedness and the current state of the industrial base. The cover photo shows the welding of a hull for the Army's M1 tank, a process representative of the industrial might necessary to produce defense materiel.

Army Logician (ISSN 0004-2528) is published bimonthly by the U.S. Army Logistics Management Center (ALMC), Fort Lee, VA 23801-6044. □The purpose of Army Logician is to publish timely, authoritative information on Army and Defense logistics to increase the knowledge and understanding of logistics and to disseminate professional knowledge and information for Department of the Army personnel in order to cultivate and enhance their professional development. □Articles published reflect views of the authors and should not be interpreted as official opinion of the Department of the Army or of any branch, command, or agency of the Army. □Material may be reprinted, provided credit is given to Army Logician and to the author(s), except where copyright is indicated. □Articles, photographs, and news items of interest on all facets of Army logistics are solicited. Direct communication is authorized to: Editor, Army Logician, ALMC, Fort Lee, VA 23801-6044 (AUTOVON 687-4342, commercial [804] 734-4342). □Private subscriptions and rates are available from Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402. □Second class official mail postage paid at Petersburg, Virginia, and additional mailing offices. Postmaster: Send address changes to Editor, Army Logician, ALMC, Fort Lee, VA 23801-6044. □DISTRIBUTION RESTRICTION: Approved for public release; distribution is unlimited.
